No. of homes:

Final surfacing - roads and footpaths

Final surfacing and highway remedials have started, with an estimated completion date of September 2026. Final sewer works are ongoing with all inspections due towards the end of September.

Local authority roads / footpath adoption

Once all highway and drainage works are complete then we can put the scheme forward for adoption. This is anticipated to happen in the Autumn and following a 12 month maintenance period, the development will be adopted by the local authority in late 2027.

Future phases

There are no future phases to the development.

Landscape adoption

This area will be completed in September 2026 once the highway works have finished.
